

Love Cornwall?....

1 reduce, reuse, recycle

- if you can recycle where you're staying - please do
- use the recycling banks across the county
- refuse packaging you don't need
- refuse bags you don't need

www.recycleforcornwall.org.uk

2 stay local, eat local, buy local, see local

Buy Cornish and see what Cornwall has to offer. You'll also be benefiting the local community. Visit farmers' markets, farm shops, village stores, pubs and cafes. Enjoy our distinctive culture and the hundreds of community events that happen throughout the year www.tasteofthewest.co.uk

3 chill out... switch off!

Reduce light pollution, energy use and CO² emissions by switching off lights and all those standby buttons when you don't need them

4 Area of Outstanding Natural Beauty (AONB)

Protect Cornwall's **AONBs** - follow the countryside code:

- when rockpooling, return your catches to where you found them
- put rubbish in a bin or take it home - it can really harm wildlife
- leave gates as you find them
- keep dogs under control

5 get out of the car!

Explore near where you're staying - there are some fantastic places to see right on your doorstep... just ask the nearest TIC!

Why not try walking or cycling around Cornwall's many footpaths or cycle routes

Use public transport during your holiday so you don't have to find parking spaces

Cornish Horizons
has achieved a gold
Green Tourism award

.... love Cornwall!
